Anniversary

Same-Day Surgery

Covering Hospitals, Surgery Centers, and Offices for More than 30 Years

2008 Index

Accreditation

- 8 tips to protect patients from falling, MAY:51
- Are you prepared to address 'health care road rage'? Jan. 1 deadline is looming for TJC, OCT *SDS Accreditation Update Supp:1*
- Are your physicians in your program familiar with emergency protocols? *APR SDS Accreditation Update Supp:1*
- ASA advisory addresses operating room fires, JUN:64
- Don't forget patient literacy when evaluating med reconciliation process in outpatient surgery, JAN *SDS Accreditation Update Supp:1*
- Don't skip any pages of AAAHC '08 manual, JAN *SDS Accreditation Update Supp:4*
- Escort now ensures correct patient ID, APR *SDS Accreditation Update Supp:4*
- Hospital covers bases to help prevent falls, MAY:52
- Improvement seen in quality measures — Prophylactic antibiotics, marking site studied, JAN *SDS Accreditation Update Supp:3*
- Joint Commission revises universal protocol, clarifies who marks site, AUG:81
- Keep orientation checklist to the point — Focus on emergency-related activities, APR *SDS Accreditation Update Supp:2*
- Make sure your policies and procedures are in place to prevent fatal patient falls, MAY:49
- Near-miss reports provide valuable information, APR *SDS Accreditation*

Update Supp:3

- New toolkit addresses handoff communications, AUG:85
- Patient flow getting increased scrutiny, JUL *SDS Accreditation Update Supp:2*
- Some changes [to leadership standards] are for hospitals only, JUL *SDS Accreditation Update Supp:2*
- Some may have a 'bit of stress' from new goals — Preventing surgical-site infection is one area targeted, AUG:85
- Steps to developing a code of conduct, OCT: *SDS Accreditation Update Supp:2*
- Surgery managers must prepare for changes to Joint Commission leadership standards, JUL *SDS Accreditation Update Supp:1*
- Surgical Safety Checklist (First Edition), AUG:83
- What has changed in the universal protocol? AUG:84
- What is required by accrediting groups [for response to MH]? SEP:97
- When should you have verification [of the correct procedure, site, and person], AUG:84
- Why does surgery setting lead to more outbursts? OCT *SDS Accreditation Update Supp:3*

Anesthesia/Pain Management

- Aetna lists conditions for monitored anesthesia care, MAR:27
- AORN updates guidelines on malignant hyperthermia, SEP:98
- Cards spell out duties of 4 nurses [to MH crisis], SEP:96

- Details of fatality that occurred from MH, SEP:95
- Federal agencies address latex allergies, OCT:108
- For MAC with colonoscopy, should payers dictate medical policy? MAR:25
- Is your staff prepared for MH? It's probably the key to saving lives, SEP:93
- Malignant Hyperthermia Emergency Response, SEP:Online issue
- Outreach emphasizes infection control basics, APR:45
- Payers point to 2004 joint statement, MAR:28
- Regional block safer for mastectomy, reconstruction, MAR:31
- Response steps to an MH crisis, SEP:96
- SAMBA issues new guidelines for PONV, MAR:33
- Sedation system to raise compliance [for colonoscopy]? JUN:70
- Should you ban latex or latex-allergic patients? Providers weigh in on issue, OCT:105
- Should you handle latex allergies as outpatients? OCT:107
- What is required by accrediting groups [for response to MH]? SEP:97

Cost Containment (Also see *Finances and Medicare*)

- Focus on equipment, supplies to find hidden \$\$, AUG:89
- Four tips for saving money in your program, AUG:89
- How to Cut your Costs, AUG:88
- Protection your patients and their environments — Going 'green' can

When looking for information on a specific topic, back issues of Same-Day Surgery newsletter may be useful. If you haven't activated your on-line subscription yet so that you can view back issues, go to www.same-daysurgery.com. On the left side of the page, click on "activate your subscription." You will need your subscriber number from your mailing label. Or contact our customer service department. Telephone: (800) 688-2421 or (404) 262-5476. Fax: (800) 284-3291 or (404) 262-5560. E-mail: customerservice@ahcmmedia.com.

save money, involves staff, FEB:20
SDS Manager column: Focus on what you can change, not the economy, AUG:87
 Small steps add up to major waste reductions, FEB:21
 Tip of the month: Avoid overnight shipping charges, p. 90
 To survive payment cuts, reduce overhead, APR:40
 Ways to Reduce Fuel Surcharges, AUG:87
 You're not alone when cutting costs, AUG:90

Disaster Preparedness and Response

Are your physicians in your program familiar with emergency protocols? APR *SDS Accreditation Update* Supp:1
 Keep orientation checklist to the point — Focus on emergency-related activities, APR *SDS Accreditation Update* Supp:2

Documentation/Tools

A Patient Safety Threat — Syringe Reuse, MAY:56
 Assessment Criteria and Care Plan for Safe Patient Handling and Movement, MAY:Online issue
 Bariatric Equipment Safety Checklist, MAY:Online issue
 Controlled Drug Diversion — Warning Signs, JAN:Online issue
 Influenza Vaccine Declination Form 2008-09
 Making Your Web Site Senior Friendly, JUL:Online issue
 Malignant Hyperthermia Emergency Response, SEP:Online issue
 Mass General's Credo and Boundaries, OCT:Online issue
 New toolkit addresses handoff communications, AUG:85
 Observation checklist — Impaired Healthcare Evaluation Form, JAN:5
 Policy/Procedure: Counts, APR:Online issue
 Professional Conduct policy, OCT:Online issue
 Surgical Safety Checklist (First Edition), AUG:83
 Transmission-Based Isolation Categories and Barriers, FEB:Online issue
 Unsafe Injection Practices and Disease Transmission, MAY:57

Equipment/Supplies (Also see

Laparoscopy/Endoscopy/Colonoscopy/Arthroscopy and Technology)

7 steps to reducing flash sterilization rate, OCT:108

Assessment Criteria and Care Plan for Safe Patient Handling and Movement, MAY:Online issue
 Bariatric Equipment Safety Checklist, MAY:Online issue
 Could a camera holder replace an assistant? NOV:122
 Daily planning limits flash sterilization, OCT:109
 FDA approves material for examination glove, OCT:107
 Federal agencies address latex allergies, OCT:108
 Focus on equipment, supplies to find hidden \$\$, AUG:89
 Four tips for saving money in your program, AUG:89
 Items Being Sterilized and Reasons, OCT:109
 Patients may need lifts for bariatric surgery, MAY:52
 Should you ban latex or latex-allergic patients? Providers weigh in on issue, OCT:105
 Should you handle latex allergies as outpatients? OCT:107
 Tip of the month: Avoid overnight shipping charges, p. 90

Freestanding Centers

ASCs: Re-examine these specialties for 2009, OCT:111
 CDC: Hepatitis C outbreak at surgery center isn't isolated, APR:37
 CMS adds nine surgical procedures to ASC list, AUG:86
 Endoscopy center improves reporting of test results, NOV:122
 Payment changes proposed for hospitals, surgery centers, AUG:81
 Payment rates decline for some specialties, DEC:129
 Surgery center field stung by infection control remarks, MAY:53

Geriatrics

Make your web site accessible for elderly, JUL:78
 Making Your Web Site Senior Friendly, JUL:Online issue

Hospital-based Programs

Hospital covers bases to help prevent falls, MAY:52
 Hospitals receive 3.6% inflation update, DEC:131
 Payment changes proposed for hospitals, surgery centers, AUG:81
SDS Manager column: Are there alternatives to building a surgery center? MAR:30
SDS Manager column: Hospitals fighting back while ASCs struggle, JUL:77

Some changes [to leadership standards] are for hospitals only, JUL *SDS Accreditation Update* Supp:2

Infection Control

3 Key Hand Hygiene Procedures, NOV:117
 4 steps that can improve infection control practices, MAY:55
 7 steps to reducing flash sterilization rate, OCT:108
 A Patient Safety Threat — Syringe Reuse, MAY:56
 CDC: Hepatitis C outbreak at surgery center isn't isolated, APR:37
 Clinic owner comments on 'unfounded allegations,' MAY:54
 Community-acquired MRSA boost need for awareness, FEB:17
 Contracts for catering and cleaning scrutinized, DEC:127
 Daily planning limits flash sterilization, OCT:109
 Improvement seen in quality measures — Prophylactic antibiotics, marking site studied, JAN *SDS Accreditation Update* Supp:3
 Include patient education as part of infection control, JUN:68
 Influenza Vaccine Declination Form 2008-09
 Items Being Sterilized and Reasons, OCT:109
 Last hand hygiene step: Who complies with all? NOV:119
 Monitor hand hygiene to reach 90% compliance, NOV:117
 Nurse accused of spreading hep C, MAY:58
 NV looks at oversight for surgery centers, DEC:133
 Outbreaks draw attention to ambulatory practices, DEC:134
 Outreach emphasizes infection control basics, APR:45
 Patient isolation tips for outpatient surgery [patients with MRSA], FEB:19
 Should clothing and shoes be a priority in surgery's battle against infections? DEC:125
 Should you reuse markers after designating surgical site? DEC:127
 Some may have a 'bit of stress' from new goals — Preventing surgical-site infection is one area targeted, AUG:85
 States and providers tackle influenza, DEC:128
 Surgery center field stung by infection control remarks, MAY:53
 Transmission-Based Isolation Categories and Barriers, FEB:Online issue

Unsafe Injection Practices and Disease Transmission, MAY:57
Ways to measure hand hygiene compliance, NOV:118

Laparoscopy/Endoscopy/Colonoscopy/Arthroscopy

Aetna lists conditions for monitored anesthesia care, MAR:27
Could a camera holder replace an assistant? NOV:122
For MAC with colonoscopy, should payers dictate medical policy? MAR:25
Institute for QI releases benchmarks — Cataract, colonoscopy, and knee arthroscopy are targeted, JUL:79
Minimally invasive gets even less traumatic, NOV:121
Pioneers share experience with single-port access, NOV:121
Scoping for knee OA revisited: It's still not OK, DEC:135
Sedation system to raise compliance [for colonoscopy]? JUN:70

Management (Also see *Cost Containment, Equipment/Supplies, Patient/Family Satisfaction, Quality Improvement, Staffing/Staff Satisfaction, and Surgeons*)

3 lessons learned about adopting EMRs, NOV:116
Electronic medical records: A necessity, or costly nightmare? Providers weigh in, NOV:113
Make your web site accessible for elderly, JUL:78
Manage schedule closely for steady patient stream, JUN:67
Protection your patients and their environments — Going 'green' can save money, involves staff, FEB:20
SDS Manager column: Are there alternatives to building a surgery center? MAR:30
SDS Manager column: Focus on what you can change, not the economy, AUG:87
SDS Manager column: Hospitals fighting back while ASCs struggle, JUL:77
SDS Manager column: How to communicate with problem surgeons, MAY:59
SDS Manager column: How to get patients out of the recovery room, DEC:131
SDS Manager column: Inpatient vs. outpatient: touch questions answered, NOV:120
SDS Manager column: Q&A: Getting surgeons to use your facility, JUN:69

SDS Manager column: Separating inpatient and outpatient ORs, SEP:102
SDS Manager column: Surgeon involvement generates financial rewards

SDS Manager column: Surgeons, staff share what they like about surgery, OCT:110

SDS Manager column: Things I'm gonna change in 2008, FEB:23
Should you allow live broadcasts of cases? Some answer definitive 'no,' JUN:61

Small steps add up to major waste reductions, FEB:21

Some changes [to leadership standards] are for hospitals only, JUL
SDS Accreditation Update Supp:2
Steps to implementing an electronic record, NOV:115

Surgery managers must prepare for changes to Joint Commission leadership standards, JUL
SDS Accreditation Update Supp:1

Medicare

ASCs: Re-examine these specialties for 2009, OCT:111
CMS adds nine surgical procedures to ASC list, AUG:86
CMS makes changes to permanent [RAC] program, SEP:99
Hospitals receive 3.6% inflation update, DEC:131
How do RACS identify that payments are wrong, SEP:100
Impact [of proposed payment changes] on Ambulatory Surgery Specialties, AUG:86
Payment changes proposed for hospitals, surgery centers, AUG:81
Payment rates decline for some specialties, DEC:129
[RAC] Details of payments that were under, over, SEP:100
RACs gear up for nationwide expansion, SEP:98

New Procedures and Techniques (Also see *Laparoscopy/Endoscopy/Colonoscopy/Arthroscopy and Surgeons*)

How to select patients for natural orifice surgery, SEP:101
New cases explore surgery without scars, AUG:91
Partial knee replacement is option for some patients, MAR:34
What to look for in physicians — Skills needed for natural orifice cases, SEP:101

Nurses (Also see *Patient Education*)

Grocery store technology finds place in OR, APR:41

No interruptions during count to ensure accuracy, APR:42
Nurse accused of spreading hep C, MAY:58

Patient Education

Include patient education as part of infection control, JUN:68

Patient Safety (Also see *Accreditation, Anesthesia, Infection Control, and Risk Management*)

8 tips to protect patients from falling, MAY:51
AORN updates guidelines on malignant hyperthermia, SEP:98
ASA advisory addresses operating room fires, JUN:64
Assessment Criteria and Care Plan for Safe Patient Handling and Movement, MAY:Online issue
Bariatric Equipment Safety Checklist, MAY:Online issue
Be prepared for wide range of patient questions, JUN:65
Cards spell out duties of 4 nurses [to MH crisis], SEP:96
Controlled Drug Diversion — Warning Signs, JAN:Online issue
Details of fatality that occurred from MH, SEP:95
Don't forget patient literacy when evaluating med reconciliation process in outpatient surgery, JAN
SDS Accreditation Update Supp:1
Educate your staff about signs, symptoms (of drug abuse), JAN:4
Escort now ensures correct patient ID, APR
SDS Accreditation Update Supp:4
FDA approves material for examination glove, OCT:107
Federal agencies address latex allergies, OCT:108
Grocery store technology finds place in OR, APR:41
Hospital covers bases to help prevent falls, MAY:52
Initiative gives families access to rapid response team, JAN: *Patient Safety Alert* supplement 1
Is your staff prepared for MH? It's probably the key to saving lives, SEP:93
Make sure your policies and procedures are in place to prevent fatal patient falls, MAY:49
Malignant Hyperthermia Emergency Response, SEP:Online issue
Managers must overcome challenges with drug testing, JAN:3
Many have hire, for-cause drug tests, but should you perform random testing? JAN:1

Near-miss reports provide valuable information, APR *SDS Accreditation Update* Supp:3

No interruptions during count to ensure accuracy, APR:42

Observation checklist — Impaired Healthcare Evaluation Form, JAN:5

Policy/Procedure: Counts, APR:Online issue

Response steps to an MH crisis, SEP:96

Should you ban latex or latex-allergic patients? Providers weigh in on issue, OCT:105

Should you handle latex allergies as outpatients? OCT:107

'Smart rooms' provide patient safety info at the bedside, APR *Patient Safety Alert* Supp:1

What is required by accrediting groups [for response to MH]? SEP:97

Patient/Family Satisfaction

Be prepared for wide range of patient questions, JUN:65

Initiative gives families access to rapid response team, JAN: *Patient Safety Alert* supplement 1

Quality Improvement (Also see *Accreditation*)

Improvement seen in quality measures — Prophylactic antibiotics, marking site studied, JAN *SDS Accreditation Update* Supp:3

Institute for QI releases benchmarks — Cataract, colonoscopy, and knee arthroscopy are targeted, JUL:79

National Quality Forum endorses surgery standards, DEC:134

Reimbursement (Also see *Medicare*)

Be prepared to ask for changes in contracts, AUG:88

Be prepared: Some payers are taking hard-core stance with their rates, APR:37

Could your surgery program be accused of fraud? Recent cases raise question, FEB:13

For MAC with colonoscopy, should payers dictate medical policy? MAR:25

HealthSouth case offers lessons, FEB:16

How to handle contract renewals, SEP:103

Look at your patients to ID potential contracts, SEP:103

NY attorney general plans to sue payers, APR:39

Payers point to 2004 joint statement, MAR:28

Risk Management/Medical Errors

(Also see *Infection Control, Patient Education, and Patient Safety*)

Could your surgery program be accused of fraud? Recent cases raise question, FEB:13

Debriefing can strengthen process for critical incidents, DEC:132

Foreign cases show phone use cited, FEB:17

HealthSouth case offers lessons, FEB:16

Joint Commission revises universal protocol, clarifies who marks site, AUG:81

More hospitals pledge no charges for adverse events, MAR:29

Outsiders may know of phone use in OR, FEB:17

Should you allow live broadcasts of cases? Some answer definitive 'no,' JUN:61

Surgical Safety Checklist, AUG:83

Two cases show dangers when patients drive home, JUL:76

What are your options when patients show up without an escort to drive? JUL:73

What has changed in the universal protocol? AUG:84

When should you have verification [of the correct procedure, site, and person], AUG:84

Staff Education

Be prepared for wide range of patient questions, JUN:65

Keep orientation checklist to the point — Focus on emergency-related activities, APR *SDS Accreditation Update* Supp:2

New toolkit addresses handoff communications, AUG:85

Staffing/Staff Satisfaction

Debriefing can strengthen process for critical incidents, DEC:132

Educate your staff about signs, symptoms [of drug abuse], JAN:4

Managers must overcome challenges with drug testing, JAN:3

Many have hire, for-cause drug tests, but should you perform random testing? JAN:1

Medical Staff/Medical Affiliate Satisfaction Survey, JAN:Online issue

Observation checklist — Impaired Healthcare Evaluation Form, JAN:5

Surgeons (Also see *New Procedures and Techniques*)

Are you prepared to address 'health care road rage'? Jan. 1 deadline is looming for TJC, OCT *SDS Accreditation Update* Supp:1

Are your physicians in your program familiar with emergency protocols? APR *SDS Accreditation Update* Supp:1

Foreign cases show phone use cited, FEB:17

Impact [of proposed payment changes] on Ambulatory Surgery Specialties, AUG:86

Mass General's Credo and Boundaries, OCT:Online issue
